

Armadale Anaesthesia

Armadale Anaesthesia is a trusted partner for surgeons and practice managers, committed to reliable coordination and high standards of anaesthetic care.

We are a clinician-led group of more than 45 independent specialist anaesthetists, backed by a dedicated administrative team.

Our Purpose

We work closely with surgeons to provide safe, expert care to every patient and provide a professional, supportive home for anaesthetists.

What We Do

We provide attentive, specialist care for every patient, from minor procedures to major and complex operations.

Specialities and sub-specialties

Our team of highly skilled anaesthetists are trained in the following specialities and sub-specialties:

Neurosurgery & Head and Neck

Neurosurgery (cranial and spinal)
Head and neck surgery

Paediatric

Paediatric surgery

ENT & Ophthalmology

Ear, nose and throat (ENT) surgery - adult and paediatric
Ophthalmology

Urology

Urology and complex robotic urology

Plastic Surgery

Plastic and reconstructive surgery
Cosmetic surgery

Interventional

Interventional radiology

How We Support Our Clinical Partners

We partner with surgeons at every stage of their career, building relationships grounded in reliability and trust.

Surgeons and practice managers choose us for our clinical expertise, professionalism and solutions-focused approach.

Our practice management team operates on a simple principle – when you call us with a problem, we solve it.

Commitment to exceptional patient care

- We provide patients with fully up-to-date information on our website to help them understand their medications and feel informed and prepared ahead of their surgery.
- Our dedicated nurse practitioner service supports patients and gives them peace of mind at each stage of their journey, from pre-operation to recovery at home.

Reliability and responsiveness

- We provide anaesthetic services to our clinical partners 24 hours a day, 365 days a year, including holiday and emergency cover.
- If you have a regular preferred anaesthetist from our group, we'll prioritise that allocation wherever possible.

Clinical expertise and efficiency

- We take time to carefully match our anaesthetists with surgeons, to ensure reliability, consistency and collegiality in theatre.
- Our anaesthetists prioritise safety and efficiency during surgery to reduce the time in theatre and recovery.

Our Fee Structure

Our anaesthetists set their own fees and personally ensure every single patient is provided with informed financial consent. This includes a direct, one-on-one discussion with patients regarding their fee as soon as practicable, and no later than 48 hours prior surgery.

This includes:

- The anaesthetist's fee
- The Medicare rebate
- The health fund rebate (where applicable)
- The patient's out-of-pocket cost (where applicable)

While 95% of our fees align within the \$500 Known Gap out-of-pocket structure, in cases where this is not feasible due to surgical duration or complexity, our fees will be aligned to a defined percentage of the AMA fee and will not exceed this threshold*. These fees will be directly communicated to the patients by our anaesthetists prior to the day of surgery, and during their pre-anaesthetic consultation.

**In limited and exceptional circumstances, fees may exceed this threshold where clinically or operationally required.*

Where We Work

Our team of anaesthetists work in private hospitals and health service networks across Melbourne and the Mornington Peninsula to provide reliable, specialist anaesthetic care.
